

5. Objects

Test your students' memories and vocabulary at the same time with this fun game. All you need is a clear desk and 20 common items from around the classroom. You can even grab things from your backpack or purse.

Arrange the objects on the desk and let students gather around to look at them. Cover everything with a sheet (or something similar) after one minute and send everyone back to their seats. Each student should write out as many items as they can remember on a piece of paper, all in English.

When everyone is done, write a list of the items on the chalkboard and allow students to self-correct. Alternatively, you can call out the objects and give a point for each one that is correctly written.
