Share It!

Share It! is a seven-level primary series in American English.

Gets students speaking

By creating opportunities for sharing experiences and exchanging information, **Share It!** helps young learners really understand and use English in class. Real-world content motivates students to engage with authentic topics and provides genuine reasons to use the language learned.

Creates a positive classroom

Share It! provides teachers with all the tools they need to create a positive classroom environment where empathy abounds and everyone's progress is valued. Through a focus on values and ongoing self-assessment, the course nurtures a growth mindset in students that enables them to achieve more in their learning.

Supports teachers

Each student has a *Sharebook* of carefully scaffolded speaking activities, making it simple for teachers to manage their classes. Helpful Teacher Tips in every lesson and a practical *Teacher Reflection Plan* guide teachers to identify, develop, and share effective techniques that lead to better learning.

Cambridge English Qualifications

Cambridge Assessment offer a range of Cambridge English Qualifications designed for young learners.

These include:

• Pre A1 Starters	PRE A1
• A1 Movers	A1
• A2 Flyers	A2
• Key for Schools (A2)	A2
• Preliminary for Schools (B1)	B1

These exams cover the four skills of listening, speaking, reading, and writing, within which students' knowledge of grammar and vocabulary is also tested. The exams are aligned with the CEFR (Common European Framework of Reference for Languages) and cover familiar, everyday topics.

How to Use the Share It! Cambridge English Maps

The Share It! Cambridge English maps show where language that is in the Cambridge English exams syllabus is taught in the course. There is a map for Vocabulary, organized by topic, and a map for Grammar, organized by structure.

Teachers should note that there are instances in Share It! where the US form of a UK word (e.g. "cabinet" for "cupboard") is not included in the Starters syllabus and so children preparing to take the Starters exam should be taught the equivalent UK form of some words.
